E-NEWSLETTER

Volume XI, Issue 3

**Dear Readers,**

*Vidya Vikas Academy provides opportunities for every student to develop their talents and skills through the many programmes, activities and events conducted intra-school, inter-school at the taluka, district, state and national level. Our efforts and commitment is directed towards creating, responsible, caring and happy citizens who will make a contribution to society. We thank our School Managing Committee, the Board of Management and our staff for encouraging a holistic education and congratulate all our students for their participation and achievements.*

## **TALES AND TUNES**

The Pre-Primary Section conducted "Tales and Tunes", a delightful celebration where stories came alive through the charming performances of our little learners. The programme aimed to create a musical soiree of stories, helping children understand that every story carries a meaningful message and valuable learning.

The young students enthusiastically participated in a variety of programmes bringing rhythm, expression, and joy to the stage. The highlight of the assembly was that the entire programme was smartly coordinated by the students themselves, showcasing their growing confidence, responsibility, and stage presence.

The puppet show presented by the teachers, captivated the young audience and added a touch of magic and humor to the morning.

The event was a wonderful reminder that when young children are guided with care, creativity, and encouragement, they truly work wonders. "Tales and Tunes" was not only a celebration of stories and music but also a heartwarming display of the imagination, confidence, and talent of our tiny performers.

## **VOCABULARY BINGO**

The students were given a platform to mold their linguistic ability and vocabulary through an engaging and interactive activity. The competition aimed to strengthen word knowledge, promote language development, and

build confidence in using new vocabulary in a meaningful context. The event generated excitement and healthy competition among students, encouraging them to think critically and apply their language skills. It created a lively learning atmosphere where students actively participated and demonstrated enthusiasm while expanding their vocabulary base.

The activity proved to be a successful blend of learning and enjoyment. It left a positive impact on students' language development and highlighted the importance of interactive methods in fostering curiosity, confidence, and a love for words.

### **SPLASH OF SUMMER MAGIC**

The students of Vidya Vikas Academy were provided with a joyful and holistic learning experience through the theme "Splash of Summer Magic." The initiative provided a refreshing break from routine academics and encouraged experiential learning through fun-filled activities.

Students came dressed in bright and colourful summer attire, adding vibrancy to the celebration. The event saw enthusiastic participation from all students, making the day both enjoyable and meaningful.

The activity was a great success, achieving its objective of fostering creativity and joyful learning beyond textbooks.

### **SUNSHINE FIESTA - CELEBRATING THE JOY OF SUMMER**

The Sunshine Fiesta was envisioned as a vibrant platform to help young learners appreciate the spirit of the summer season while fostering confidence, self-expression, and active participation. Rooted in joyful learning, the initiative encouraged children to explore, engage, and express themselves in a supportive and stimulating environment.

The celebration unfolded with a lively display of enthusiasm, featuring colourful presentations, rhythmic movement, and expressive performances. Each segment reflected the children's growing confidence and ability to communicate ideas creatively, leaving a lasting impression on the audience.

Beyond its festive appeal, the experience contributed meaningfully to the development of self-awareness and positive habits. It reinforced the importance of self-care while making seasonal learning engaging and enjoyable, nurturing both emotional growth and a love for participation.

Co-ordinator: Tr. Raheela S. Panjwani

## **STEAM LAB/ATL SECTION**

March 30, 2026

### **CURIOS MINDS AT WORK**

Students actively engaged in hands-on STEAM activities that promoted creativity, critical thinking and real-world problem-solving.

The Shape Building Challenges helped students understand structure, symmetry and balance while creating

innovative models.

Through 3D Pen Art, students enhanced their creativity and precision by designing colorful three-dimensional objects.

During 3D Designing sessions using Tinkercad, students used digital tools to create and refine virtual models with confidence.

The month wrapped up with enhanced design thinking, better spatial skills and increased confidence in expressing ideas. Students demonstrated curiosity, creativity and a strong interest in exploring new concepts.

Co-ordinator: Tr. Ankita Raikar

### **FROM IDEAS TO IMPACT - TURNING LEARNING INTO ACTION**

From ideas to impact, March marked a phase of collaboration and practical application of previously acquired skills. Students actively engaged in group projects, working together to conceptualize, design, and develop innovative solutions to real-world problems.

Building upon their knowledge of digital design, Raspberry Pi, and the Idea-to-Product framework learners applied these concepts through structured project work. Each group identified a problem statement and worked towards creating a functional prototype,

fostering teamwork, critical thinking, and hands-on experimentation.

A key highlight was idea pitching. Students presented their projects, explaining their concepts, design process, and potential impact, enhancing their communication

skills and confidence.

Overall, this phase reflected a journey where students translated learning into action, demonstrating creativity, collaboration, and problem-solving abilities while gaining deeper insights into turning ideas into practical solutions.

Co-ordinator: Sir Sayed Mohamed H.

### **Centre of Excellence**

*A unique opportunity for students to pursue their talents and interest in school, after school hours. Highly qualified coaches will conduct classes for Gymnastics, Table tennis, Basketball, Chess, Skating, Guitar, Drums and Keyboard.*
